Illustrative portfolio. Area in square feet, price in USD and annual net operating income in USD.

Sources and uses balance at \$16.00M.

Sources	USD millions	Uses	USD millions
Senior facility	9.60	Purchase price	15.00
Sponsor equity	6.40	Transaction costs	0.50
		Initial reserves	0.50
TOTAL SOURCES	16.00	TOTAL USES	16.00

Debt is 60% of total cost and 64% of purchase price. Loan terms are fictional and do not represent an offer.

Capital moves through a single acquisition entity.

60% debt / 40% equity of total project cost

Keep the assumptions visible.

Item	Illustrative assumption
Senior facility	\$9.60M, interest-only at 7.00%
Annual debt service	\$672,000 = \$9.60M x 7.00%
Annual portfolio NOI	\$1,050,000
Interest-only DSCR	1.56x = \$1,050,000 / \$672,000
Loan maturity	36 months from closing

These assumptions support document design and arithmetic testing only. A real transaction requires client-approved inputs.
